Youth Aid Demanded

The "alarming proportions" of juvenile delinquency in B.C. have led to a demand last night for cabinet action from the Provincial Council of Women.

A female delegation presented resolutions last night to Premier Bennett and the cabinet.

In view of the rising delinquency rate, the group said, "it is strongly urged that a centre for juveniles in-residence, observation and training be established at the earliest possible date."

Another resolution urged that provincial legislation be introduced to prohibit discrimination in places supplying public accommodation and services.

"Lack of uniformity in basic school subjects in Canada" was asked to consider moving toward uniformity in this matter.

Also urged was a stepped-up home-nursing service by the Victorian Order of Nurses, to be achieved by a referral system through the hospitals.

A hand ax found in South Africa's Umgeni Valley in 1958 is estimated to be 60,000 years old.

The Shawnigan Lake School Boys' Choir, under the direction of Ian Galliford, will present a recital of Liturgical Music at Christ Church Cathedral on

Saturday, February 14 at 8.00 p.m.

The public is cordially invited.

Ottawa Report

Loan Companies 'Legal Sharks'

OTTAWA (CP) — Hazen Argue Thursday described finance companies as "legalized sharks."

The CCF House leader made the charge in speaking in the Commons on his bill to limit interest rates in Canada to 12 per cent a year.

He urged establishment of a publicly-owned lending system.

He said "hordes of loan sharks and parasites" are charging "exorbitant" and "fantastic" interest rates.

The interest bill won qualified support from Progressive Conservatives and some Liberals while other Liberals backed it wholeheartedly.

Mr. Argue, who has introduced the interest rate bill in previous sessions, said some loan companies in Toronto charge interest rates as high as 75 per cent a year.

The government has issued export permits allowing sale of $11,311,497 in goods to Communist China since Jan. 1, 1958, including $2,166,748 worth of nickel and $617,603 worth of copper rods, Trade Minister Churchill reported.

14-Year-Old Life-Savers Win Citation

Two lower Vancouver Island youngster were cited yesterday by the Royal Canadian Humane Society for life-saving.

Garry Marshall, 14, son of Mr. and Mrs. F. E. Marshall, 4025 Martha Crescent, at Elk Lake last June 1 pulled unconscious 18-year-old Imre Karakai, 448 Moss, from the water.

Patricia Hancock, 14, daughter of Mr. and Mrs. John Hancock, Sooke Hotel, saved a 10-year-old California boy from drowning in Sooke River last June 29.

Sympathizers Offer Plan In CBC Strike

OTTAWA (CP)—A new return-to-work package proposal was presented to the CBC Thursday night by representatives of its 1,200 Montreal employees who have been respecting picket lines of striking French-language producers.

Ron Fraser, CBC public relations director, said the proposal is being considered. He said "there probably will be a meeting" today with union representatives after corporation negotiators have had an opportunity to study the offer.

Terms for return to work of the employees respecting picket lines apparently are the last stumbling block in the way of settlement of the strike of 74 Montreal television producers.

The producers have said they will not sign an agreement with the CBC until a satisfactory arrangement is made for return to work of other employees.

Scientists have found traces in northern Iran of a farm economy that existed 6,000 years ago.

Shrum Raps BCE For That Letter

Royal commission chairman, Dr. Gordon Shrum, objected strongly yesterday to a statement in a B.C. Electric Company letter to its customers that it has had no opportunity to reply to statements which "tend to put the company in a bad light."

The letter, signed by BCE vice-president in charge of Island operations, William C. Mearns, asked customers to "keep an open mind" on statements made to the royal commission that "tend to put the B.C. Electric in a bad light."

It is "unfortunate," the letter says, "that so far there has been no opportunity to reply to them."

"I think it is unfortunate that the B.C. Electric should have made such a statement," said Dr. Shrum, chairman of the royal commission investigating the B.C. Power Commission.

"This might imply that the company has had no such opportunity. The B.C. Electric has been represented by counsel, Mr. A. Bruce Robertson. He has been given every opportunity to cross-examine witnesses and did in fact cross-examine one intensively."

Mr. Robertson said no misleading statements were "intended or implied" in the BCE letter.
